The Benefits to Fall Planting

- Now that the temperatures are cooling a little bit each day and the kids are back in school the landscapes are still an added value to your home, office, commercial properties and church grounds.
- Have you ever considered renovating your existing landscape and removing the old ugly yews and junipers?
- Did you know fall is a great time to have your new landscape installed by Grosh's Lawn Service?

Are you looking to enhance the curb appeal of your commercial property?

Are you looking to stand out from all the other business that offer the same product as you? Contact Tom now at GroshsLawnService.com to schedule your fall planting consultation.

The Right Tree Adds Value

- ▶ Are you looking to adding a tree to your home or commercial property?
- ▶ Selecting the "Right Tree for the Right Place" is very important.
- ▶ Do you like the rebirth of spring and the beautiful colors spring offers?
- ▶ A spring blooming tree planted in the right place will add value to your property and many years of enjoyment for you and your family.

The Benefits of Fall Planting

- **Pro:** The cooler fall temperatures has less stress on the new plants with the decreasing day time temperatures.
- **Pro:** Increased rainfall throughout the fall season means less watering will be required for your trees, flowers and shrubs.
- **Pro:** The soil is still warm and the shrubs and trees roots will take up the moisture and nutrients allowing the roots to grow.
- **Pro:** Is a great time to have your live Christmas tree planted for decorating in the late fall.
- **Pro:** Great selection of healthy plants after the nursery has been restocked after summer.
- **Pro:** Fewer insects and pest to deal with in the fall.
- **Pro:** Less heat stress from the direct sunlight.

The Benefits of Fall Planting

- **Pro:** Removing old, ugly and outdated shrubs to enhance the beauty of your home.
- **Pro:** Great time to remove diseased and/or dying plants and replace with new shrubs.
- **Pro:** Wonderful time to add some spring blooming color to your landscape this fall for next spring's enjoyment.
- **Pro:** The time of year to add spring blooming flower bulbs to your landscaping beds.
- As you can see there is plenty of benefits too planting in the fall. Contact Tom now at GroshsLawnService.com to schedule your fall planting consultation.
