## The Benefits to Winter Shrub Removal

Why wait till the spring rush when there is time over the winter when your shrubs can be removed.

# The Benefits of Winter Shrub Removal

- ▶ Have you ever thought of the many benefits of winter shrub removal?
- ▶ Local landscaping contractor offers winter shrub removal for your home, office, church grounds, government facilities and commercial properties here in Washington County Maryland

# The Benefits of Winter Shrub Removal

- ▶ Yes there are many advantages to having your shrubs removed in the winter with the professionals here at Gosh's Lawn Service.
- ▶ **Pro:** Your overgrown and overpowering shrubs are removed allowing the brick / stone work to be visible
- ▶ **Pro:** There is no better time than the present to remove the overgrown / unsightly yews and junipers from your property.
- ▶ **Pro:** The dated shrubs take away from the curb appeal of your property so why would you not have winter shrub removal?
- ▶ **Pro:** You will be amazed with the immediate results and transformation of your home, office, church grounds, government facilities and commercial properties after the unsightly shrubs are removed.
- ▶ **Pro:** With winter shrub removal all spring blooming flowers will be out of the way and there is no risk of damage to the spring flowers.
- ▶ **Pro:** It is easier to remove shrubs that have dropped their leaves for the season as there is no leaves to obstruct our view and we have a better view of our work.
- ▶ **Pro:** Your landscaping project will be the first on the schedule for planting as soon as the plants arrive at the nursery.
- ▶ **Pro:** Cold weather prevents the spread of disease.

# The Benefits of Winter Shrub Removal

- ▶ The Poison Ivy is glissading just waiting to be touched!
- ▶ Why risk getting Poison Ivy when Grosh's Lawn Service can tackle this itchy job.
- ▶ How will you dispose of the Poison Ivy?
- ▶ Is the Poison Ivy growing in your flower beds?

- ▶ So are you ready to get started with your winter poison ivy removal?  
Contact [GroshsLawnService.com](https://www.groshslawnservice.com) today to schedule your Winter Shrub and Poison Ivy Removal consultation.

# The Benefits of Winter Shrub Removal

- ▶ **Pro:** When heavy equipment is needed, the frozen ground allows for fast easy access.
- ▶ **Pro:** With spring comes rain and the delay of any landscape projects where standing water is an issue making equipment use difficult or impossible.
- ▶ **Pro:** No birds will have nests with eggs or active baby birds causing delays to your project.
- ▶ **Pro:** The cleanup of the debris will be easier and faster as there will be less grass to rake through verses the rapid growth of grass in the spring.
- ▶ **Pro:** Our schedule is very flexible during the winter season and can be adjusted to meet your needs verses our spring schedule where we have a six (6) week backlog of work.
- ▶ **Pro:** Any damaged trees or shrubs from snow or ice damage can be removed promptly avoiding delays which is typical in the spring season.
- ▶ **Pro:** It allows us the clean look of your landscape. Without any shrubs we can offer a unique landscape design. A blank slate if you will.
- ▶ **Pro:** No issues with snakes and snakes' eggs.
- ▶ **Pro:** No issues with Yellow Jackets or ground wasps.
- ▶ **Pro:** As you can see in the picture, big is not always better.
